

Dijkstra's Algorithm

- 8 – Connected Grid
- Cost for each move = c
- Cost represented in the bottom left of each cell. Format: `cost(parent cell)`
- Visited cells marked by a ✓ on top right.

- INF – All other (Unvisited Set)

Although we have added GOAL to our visited set, its still not the least cost in the stack so we have to keep going until we can be sure that this is the least path and GOAL is the next point we chose.
